URGENT ACTION NEEDED ON GUN BILL

Please call your State Representative NOW and ask for support of the Gun Violence Prevention bill, H.4121.

Even if you know your Representative supports the legislation, he or she needs to hear from you.

Representatives are getting swamped with calls from the gun lobby. We know there is widespread support for reducing gun deaths in this state, and now is the time to make that clear. LWVMA and the Massachusetts Coalition to Prevent Gun Violence have been working on this bill for 18 months. We are very close to passing strong gun legislation, and we can't let this slip through our fingers.

Please take 50 seconds, and call your Representative and ask for support for H.4121, Speaker DeLeo's gun violence prevention bill. You can find the phone number [here](#).

Then take 30 seconds, and forward this to people you know all over the state who care about reducing gun violence.

You can help get this bill passed--in less than two minutes.
