Voting Rights Groups Call for Urgent Action on HD 5075, a Bill Supported by Over 100 Organizations to Safeguard Fall Elections

Voting rights organizations including Common Cause Massachusetts, MassVOTE, the League of Women Voters, and the ACLU of Massachusetts testified before the Joint Committee on Election Laws today in support of HD 5075, An Act Ensuring Safe and Participatory 2020 State Elections in Response to COVID-19. They called for the Committee to act quickly to support the bill.

HD 5075 – filed by Representatives Michael Moran and John Lawn – has been endorsed by over 100 organizations in Massachusetts, as of Thursday afternoon. More endorsements are pending.

During the hearing, supporters of [HD.5075](#) testified that the bill will help ensure safe, participatory, and accessible elections during COVID-19, and also help protect the ability of local elections officials to manage a transition to a primarily vote-by-mail election. With the September elections only three months away and general elections, five, the advocates argued that in order for Massachusetts elections infrastructure to be able to handle the necessary changes, the committee and State House must act quickly.

“We support this bill because it is based on evidence and best practices from other states,” says **Pam Wilmot of Common Cause Massachusetts**. “It is comprehensive, and includes reforms that consider the needs of voters, but also of local elections officials who no matter what happens will be faced with a surge of absentee ballots and very different elections than in years past. One clear lesson learned from other states is that the necessary reforms will take all the time we have to implement, which is why we urge the Joint Committee on Election Laws to act quickly to move this critical bill.”

“Elections matter,” says **Rahsaan Hall, racial justice program director at the ACLU of Massachusetts**. “And this particular election will not only be impacted by COVID-19, but its results will determine the leaders who will govern as our country rebuilds. We need to take immediate, aggressive action to protect and facilitate the vote this fall – by mail, in person, and

in safety – in order to safeguard the ballot for everyone and avoid exacerbating systemic inequalities that particularly impact communities of color.”

Says **Cheryl Clyburn Crawford, Executive Director of MassVOTE**, "Through our testimony, we strived to make one thing clear: HD.5075 is the best chance Massachusetts has to adequately brace our elections for COVID19. This includes vote-by-mail; this includes expanded early voting; this includes personal protective equipment for poll workers. We know what needs to be done, so let's do it."

"Every voter deserves to cast a vote safely. We will work hard to ensure that voters with limited English proficiency can access multilingual materials for voting from the safety of their homes, as required by this bill," says **Beth Huang, the Director of the Massachusetts Voter Table**, a coalition of community organizations.

"It is critical that our fall elections are carried out in a way that assures voters and election workers can participate safely and that affirms the public’s trust in the outcome," says **Patricia Comfort, executive director, League of Women Voters of Massachusetts**. "There is going to be a large increase in absentee ballots. We must make sure they can be handled in a way that does not cause massive disruption. Sending voters a ballot before the November election without requiring an application will help tremendously."

"As the saying goes, in crisis there is danger and there is opportunity. This bill seizes an opportunity to make our elections fairer and safer in 2020," says **Janet Domenitz, Executive Director of MASSPIRG**.

"HD5070 lays out a clear path forward to safely enable the voters of the Commonwealth, particularly those most disenfranchised by barriers to voting, to fully participate in our democracy despite the challenges caused by the COVID-19 health crisis," says **Sophia Hall, Supervising Attorney at Lawyers for Civil Rights Boston**.
