- Offshore wind potential in New England
- New England for Offshore Wind's advocacy and priorities
- Policy landscape in New England and Massachusetts
- What you can do to drive policy for the responsible development of offshore wind in Massachusetts

## Speaker:

Susannah Hatch, Clean Energy Coalition Director, Environmental League of Mass.

The primary focus of Susannah's work is on offshore wind advocacy within Massachusetts and across New England. She is the Regional Lead for New England for Offshore Wind, which is a growing and broad-based regional coalition that aims to drive deeper regional collaboration and expanded commitments to responsibly developed offshore wind.
